DRAGON

BOAT RACES

INTRODUCTION TO DRAGON BOAT RACING

Dragon boat racing is a fun-filled, adrenaline pumping, water sports activity. Teams compete in large canoe-like vessels, which are fitted with ornately carved dragon's heads and tails. Originating in ancient China, Dragon Boat racing is now one of the fastest growing water sports in the world and a favorite among charities and corporations for its fundraising and team-building benefits. Crews of 20 people sit in pairs and paddle to compete in 250-meter races. Each crew also has a drummer beating time to keep the paddlers in unison, and a professional steersperson in the stern to guide the boat. Gather colleagues, friends, family members, neighbors, classmates, or teammates to compete in a fun-filled adventure.
